Investment Project: Wonsan Seafood Restaurant

Description of the project

The beach park will be near the service facilities and hotels for tourists, to be newly built in downtown Wonsan and the beautiful seaside, so it is expected to attract many visitors.

A three-storey seafood restaurant (building space: 3,000 m², total floor space: 7,000 m²) is planned to be built near the seaside inside the park.

Ground Floor: Exhibition hall in which fish caught alive in the near sea and fresh water and frozen and processed seafood are on display and for sale. The exhibited fish are kept in basin.

1st Floor: Seafood restaurant with a public dining hall and several private dining rooms. It is going to be decorated in a way to show the world under the sea.

2nd Floor: Open-air restaurant in which seafood, Pulgogi (roasted meat) and other cuisines will be served. It will be capped by a transparent roof. All the kitchens will be glass-walled to show high cultural and hygienic qualities and skills of cooks.

Location: Jung-dong, Wonsan, Kangwon Province

Estimated cost: US\$ 1-4 million

Type of investment: Equity or contractual joint venture, or as agreed by both sides

Period of implementation:

1-year construction, 10-year operation

Profitability: Under preliminary feasibility study
