

The most meaningful and memorable summer learning experience of your life!

## PYONGYANG SUMMER LANGUAGE PROGRAM (1 – 22 JULY 2017)

Study Korean at the Kim Il Sung University (김일성종합대학)

**Rotterdam, 14 December 2016**

Study the Korean language in Pyongyang next summer and make friends with your Korean teachers, language partners and tour guides while seeing the most important sights both in Pyongyang and elsewhere in the country. Both academically rigorous and led by the best language professors in North Korea, it will be the most meaningful and memorable summer learning experience of your life.

The 2017 Pyongyang Summer Language Program is an intensive three week immersion experience that will help Korean language learners move to the next level in their language skills. The focus is on conversation with native language speakers. There will be beginner, intermediate, and advanced levels. The course is intended for serious language learners who are committed to focusing on their studies every day. Upon acceptance, you will be part of the elite group of Europeans studying Korean language at the famous Kim Il Sung University!

### By application only

Qualified applicants will:

- Have an academic interest in a focused Korean language study;
- Be committed to devoting their full attention to make the most of the course;
- Share with us the motivation to help foster friendship and understanding through academic exchange;
- Be ready to have an amazing experience!

Former student testimonial: *"Studying in the Democratic People's Republic of Korea enables you to learn more than just the language – it opens your eyes to the realities of daily life in a country that very few understand. For me, it even shed new light on the world I come from. Your perceptions and experience will certainly be revised, if not altered"*. T. Jeppesen, Royal College of Art, London, UK

## Key program dynamics

- **Almost-total immersion**

All intermediate and advanced students will be required to sign a document pledging to only use only Korean (the beginner class will have more flexibility), and your professors and coaches will communicate the rules at time of orientation. Students will be allowed to speak their language of choice at least during the weeknight activities.

- **Highly practical, conversation focus**

Get at least 1-2 hours of daily conversational practice with a North Korean language coach.

- **Learn from North Koreans**

Your professors, instructors, and coaches will be North Korean. Outside of sensitive political themes, you can chat about anything and really build friendships. When we are at the Majon Beach Resort, we will have lots of opportunities to practice what we've learned with local North Koreans.

- **World-class instruction**

Kim Il Sung University is the most prestigious university in the DPRK, and has an excellent Korean language program for foreigners.

- **Built-in comprehensive tourist agenda**

Visit key sites in Pyongyang, while every weekend travel to places outside Pyongyang on Saturday and Sunday, staying overnight. By the end of your three week course, you will have visited many fascinating sites of interest both in Pyongyang and throughout North Korea, all the while practicing and strengthening your Korean language skills.

## Kim Il Sung University

Kim Il Sung University, founded on 1 October 1946, is the first university built in North Korea. It is located on a 15-hectare campus in Pyongyang, the nation's capital. Along with the main academic buildings, the campus contains 10 separate offices, 50 laboratories, libraries, museums, a printing press, an R&D center, dormitories, a swimming pool and a hospital.

The university is named in honour of Kim Il Sung, the founder of the Democratic People's Republic of Korea.

It cooperates with foreign academic institutes. During their trip from 30 April to 6 May 2016, a delegation of Nobel prize winners in chemistry, medicine and economy gave lectures at the university. On 29 and 30 September 2016, the international symposium "Science Development and Social Progress" took place in celebration of the 70th anniversary of the university. Participants from different countries, including China, Russia, Germany, France, Spain, Poland, Australia, the UK and the Netherlands took part in this event.

It is the intention to hold more international academic seminars and to launch joint research projects with other universities around the world. It is also planning to increase the number of foreign students studying Korean language in Pyongyang.
